Commodity Code:	9617000000
MOQ:	48
Size:	See Artwork Requirements
Branding Area:	125 x 214mm
Branding Method:	Dye Sublimation
Material:	Metal with plastic lid & cap
Made In:	UK
PDF Proof:	24-48 Hours
Express Service Available:	Not Available
Printed Proof Leadtime:	3 Working days
Leadtime:	10 Working days from proof approval
Colour:	Silver with black lid as standard
Weight:	285g
Capacity:	Flask - 350ml / Cap - 80ml

Packaging and Other Information

No Per Carton:	60
Packaging Details:	790 x 480 x 240mm
Carton Weight:	18kg
Standard Packaging:	Individually boxed
Alternative Packaging:	N/A

Recommendations and Limitations

Hand wash only. Please wash before use.

Ideal For: Tourist Attractions, Builders Merchants, Councils, The Office and Home, Educational Organisations

Artwork Requirements

Thermal PhotoFlask

Sizes available: Approximate dimensions 193mm tall x 68mm diameter. Please note mugs may vary slightly in size and these details should be used for guidance only.

We can accept artwork by disk, email or you can upload onto our FTP site. Please contact us for details.

Programs:
Mac: QuarkXpress 7, Illustrator, PhotoShop, and Adobe In Design.
PC: PhotoShop and Adobe InDesign

Please supply us with:
- Finished version of the artwork.
- All of the source files used to create the finished version, including all high resolution scans, all screen and printer fonts Label the disk with job title and return address.

All artwork supplied must be fully editable. The finished version should be supplied as a CYMK file (plus spot colour separations.)

Please note text must be no smaller than 8pt (15pt for etched mugs) and reversed out text should be larger and in bold.

Emailed artwork must be clearly labelled with your order number and company name in the reference line, or supplied on CD with the same information clearly marked. 4 colour process artwork needs to be 300dpi or higher.

Supply a print out:
Black and white or from a low-cost colour printer using the right file, not an earlier version. Label with PMS references for all corporate colours or other critical colour matches. Supply colour samples or swatches at the outset. Customer supplied printouts cannot be matched because there is no consistency of calibration between their machine and our press.

For Screen Printed designs please supply the following:
- Editable EPS file
- Image saved at 100% size or larger
- Pantone® references supplied for colours
- Fonts supplied or text saved as curves

Dye sublimation printed designs need a 2mm bleed and live matter must be 10mm from the edge of the mug, to ensure a crisp print quality.

If you would like further information regarding a specific design, please feel free to contact us

QR Codes - Please note that the print process and substrates used in the production of this item may not always allow QR codes, if present on your artwork, to function correctly. When approving your proof, you are accepting that this may be the case and as such accept full liability for any malfunction of the QR code.

See the following page(s) for the artwork templates for this product.

All information correct at time of publication. Whilst we endeavour to maintain the accuracy of this document, details may

change without notice.

Travel Mugs

CAUTION – PLEASE READ BEFORE USE AND RETAIN FOR FUTURE REFERENCE.

- Hot liquids can create pressure inside the product resulting in the release of hot water vapour. Always open the mouth piece with mug in the upright position, facing away from user, to release pressure.
- Before drinking, always ensure that the lid is screwed down 100% tight to the body. The mouth piece should be open during screwing down to minimise pressure build up.
- If filling with boiling water, allow the drink to cool for at least 3 minutes prior to closing the lid.
- Keep upright at all times.
- Always keep out of reach of children when using hot liquids.
- Not suitable for microwave or dishwasher use.
- Do not overfill.
- Use with care. It is difficult to judge the temperature of your drink through the walls of the mug.

CARE, USE AND MAINTENANCE

- Hand wash before first use and after each use. This product is not suitable for soaking.
- When removing the lid, please ensure that the mouth piece has been opened to reduce any internal pressure. Close the mouth piece again before unscrewing if the drink inside is still hot.
- The lid is designed to minimise spills, it is not guaranteed leak-proof.
- The product is not suitable for carbonated “fizzy” drinks, flammable, corrosive, or chemical substances.

Care Instructions

Tasses de Voyage

ATTENTION – VEUILLEZ LIRE AVANT D’UTILISER ET CONSERVER POUR CONSULTATION ULTERIEURE

- Les liquides chauds peuvent créer de la pression dans le produit qui donne lieu à l’émission de vapeur chaude. Ouvrez toujours le capuchon avec la tasse en position verticale, à l’opposé de votre visage afin de relâcher la pression.
- Avant de boire, veillez systématiquement à ce que le couvercle soit 100% vissé au corps de la tasse. Le capuchon devrait être ouvert pendant le vissage afin de minimiser l’accumulation de pression.
- Si vous la remplissez avec de l’eau bouillante, laissez refroidir pendant au moins 3 minutes avant de fermer le couvercle.
- Maintenez en position verticale en tout temps
- Tenez hors de portée des enfants lorsque vous utilisez des liquides chauds
- Ce produit ne convient pas pour un lavage au lave-vaisselle ou pour micro-ondes
- Ne remplissez pas trop
- Employez avec précaution. Il est difficile de juger la température de votre boisson par les parois de la tasse

UTILISATION ET ENTRETIEN

- Lavez à la main avant sa première utilisation. Ce produit n’est pas adapté au trempage
- Lorsque vous enlevez le couvercle, vérifiez que le capuchon a été ouvert afin de réduire toute pression intérieure. Refermez le capuchon avant de dévisser si la boisson est toujours chaude.
- Le couvercle est conçu pour réduire des déversements, ce n’est pas garanti anti-fuite.
- Ce produit ne convient pas aux boissons gazeuses, substances inflammables, corrosives ou chimiques.

Instructions d’entretien

2Go Becher

ACHTUNG – BITTE VOR GEBRAUCH LESEN UND GUT AUFBEWAHREN.

- Heisse Flüssigkeiten können, entstehend aus dem Dampf, einen Druck erzeugen. Trinkverschluss nur öffnen, wenn der Becher aufrecht steht, abgewandt vom Gesicht, um Druck entweichen zu lassen.
- Vor dem Gebrauch bitte prüfen, dass der Deckel 100% verschraubt ist. Trinkverschluss beim Verschrauben des Deckels offen halten, um zusätzlichen Druck zu vermeiden.
- Wenn kochende Flüssigkeit eingefüllt wird, den Deckel erst mindestens 3 Minuten nach dem Einfüllen verschließen.
- Becher stets aufrecht halten.
- Becher ist für Geschirrspülmaschine sowie Mikrowelle nicht geeignet.
- Becher nicht überfüllen.
- Becher immer mit Sorgfalt benutzen. Aufgrund der doppelwandingen Ausführung ist die tatsächliche Temperatur der Flüssigkeit schwer einzuschätzen.

Pflege -und Gebrauchshinweise

- Vor dem Erstgebrauch sowie nach jeder weiteren Nutzung reinigen (Handwäsche). Nicht zum Einweichen geeignet.
- Vor dem Entfernen des Deckels den Trinkverschluss öffnen, um den inneren Druck entweichen zu lassen. Danach den Trinkverschluss wieder schliessen, um den Deckel abzuschrauben.
- Der Deckel ist nahezu auslaufsicher . Dies ist aber nicht garantiert.
- Becher ist für Flüssigkeiten mit Kohlensäure, brennbaren Flüssigkeiten oder ätzenden Substanzen nicht geeignet.

Pflegeanleitung

Reis Mokken

LET OP – LEES VOOR GEBRUIK EN BEWAAR VOOR TOEKOMSTIG GEBRUIK.

- Door het gebruik van hete vloeistof in dit product kan druk ontstaan, met hete waterdamp tot gevolg. Open het mondstuk altijd met de mok in rechte positie, weggedraaid van uw gezicht om de waterdamp te laten ontsnappen.
- Zorg er voor het drinken altijd voor dat het deksel 100% op de fles gedraaid zit. Open het mondstuk tijdens het dichtdraaien om de druk te minimaliseren.
- Wanneer u de mok vult met kokend water, laat het water dan ten minste 3 minuten afkoelen voordat u het deksel sluit.
- Houdt ten allen tijde rechtop.
- Houdt uit de buurt van kinderen wanneer gevuld met hete vloeistof.
- Niet geschikt voor gebruik in de magnetron of vaatwasser.
- Vermijd overvulling van de mok.
- Gebruik met zorg. Het is lasting om de temperatuur van de vloeistof in te schatten door de wand van de mok.

ZORG, GEBRUIK EN ONDERHOUD

- Was de mok met de hand voor het eerste gebruik en na elk gebruik. Dit product is niet geschikt om te weken.
- Open het mondstuk voordat u het deksel verwijderd om de opgebouwde druk te verminderen. Sluit het mondstuk voordat u het deksel opendraait, wanneer de vloeistof in de mok nog heet is.
- Het deksel is ontworpen om morsen te beperken, maar is niet gegarandeerd lekvrij.
- De mok is niet geschikt voor koolzuurhoudende dranken, brandbare, bijtende of chemische stoffen.

Gebruiksinstructies

Visual representation only, colour and position may differ on final product.

Job Information		Print Information		Artwork Advisory
Job No:	453444	**Process:**	Dye Sublimation	**All dimensions are +/- manufacturing tolerances**
Description:	Sample	**Dimensions:**	216 x 127mm	
Product:	Flask	**Colour(s):**	CMYK	Text should be minimum 8pt to remain legible. Light text on a dark background will reproduce better if bold
Colour:	Silver			
Proof No:	1			
Date:	31/01/2018			
Repro:	ASL			

Any part of the artwork that shows white here on your proof, including text, logos and backgrounds to images will show as the silver of the product showing through. Dye sublimation uses CMYK ink and there is no white in this process. On a metal product the end result will be a metallic lustre effect.

Due to variations beyond our control and the nature of the print process the colour on the pdf may differ from that on the final product.
